

*Finger Prints*

Memorandum of A. C. Studer, Jr.

October 29 1926

533

Talked with Joseph Cocozza. Joseph Cocozza is a finger print man in the office of the Prosecutor of Essex County and I saw him at the suggestion of Mr. Taylor. In 1922, when Schwartz did some work in New Brunswick, Cocozza was then working under him for the City of Newark, and he never heard Schwartz, at any time, say anything about the finding of a finger print on any card. Since the 1926 investigation commenced, either Schwartz or Mason of the Essex County Prosecutor's detectives, and Cocozza thinks it is the latter, said that when he last saw the card it was in Fitzpatrick's possession and bore someone's initials.
